

(FCC) This is in response to the proposed change in the telephone privacy law. I rejoiced when I could actually sign up for the no call law. The phone is a service I pay for and do not wish to have business/telemarketers calling me at all hours of the day. If for any reason a business needs to contact me they have my phone number on file such occasions. I don't appreciate getting calls from people and business that I wish not to do business with. It's annoying and unprofessional for these people to call to try to solicit unwanted services. I wish to remain on the NO CALL LIST. It's my phone and my time that I wish to protect, not the rights of others to be allowed to come into my home by the use of the phone lines.
